

\_\_\_\_\_ requests to install the following number and type of LED yard light(s):

Area Lights: \_\_\_\_\_ 50 LED \_\_\_\_\_ 141 LED \_\_\_\_\_ 183 LED

Decorative: \_\_\_\_\_ 65 LED AR (American Revolution) \_\_\_\_\_ 50 LED AC (Acorn)

and agrees to pay Northcentral Electric Cooperative the current monthly yard light charge for a minimum period of twelve months, which may be added to his/her electric bill for night lighting services.

It is understood that Northcentral Electric Cooperative will install and maintain one complete light with photo control switch on existing pole(s) (any additional pole will be \$\_\_\_\_\_ each per month) and furnish electricity for members of Northcentral Electric Cooperative at the current monthly charge per light.

It is agreed that if two or more members jointly have a light or lights installed, and if one or more members moves or stops paying on sold light(s), the remaining member(s) bill(s) will be increased to assure that Northcentral Electric Cooperative receives the total monthly yard light charge.

Northcentral Electric Cooperative will replace any and all failing parts, within a reasonable time after being notified by the member that the light(s) has/have failed to function properly, at no cost to the member.

Northcentral Electric Cooperative reserves the right to remove any light or lights that may be misused or damaged in any way.

### Installation Information:

Available lighting may be limited in some areas due to accessibility, location, and localized electric infrastructure (overhead or underground). When a staking technician is assigned, they will help guide you. For new pole installation (if desired), in the rear of property, heavy truck access is required. Listed below are items which could be damaged when lights and poles are installed on member property. If damaged, Northcentral will not be responsible.

- Fences and Gates, Gardens and Planting Beds, Driveways, Patios, and Walkways, Ruts or Trench Settling
- Member Owned Underground Facilities:
  - o Electric or Communication Lines to Outbuildings/Appliances
  - o Propane Lines
  - o Sprinklers/Sprinkler Lines
  - o Septic Tank/Septic and Sewer Lines
  - o Water/Well Lines

Most of the information above is listed in the "Member Facility Location Form" which must be signed by the member prior to construction.
